My dear Sam,

I have just ret'd from Camden where the Water Co. again slipped up in their motion before the Sup. Court to condemn right of way for canal and it will now be two weeks more before the motion can be heard. Meantime they may make some offer that will bring us together. I will wire you as soon as I know definitely. I think you will have to hold stockholders meeting without me - for several reasons. This one if you see anything insurmountable in the way of doing so, at an early day.

I neglected to make a suggestion regarding change in Jameson Co. By Law: Can so the law omit Art. V Sec. 4th of By Laws which after I think the Jameson Co. adopted. Can you not amend at June 6th meeting by omitting this sect. and thus leave the Board to meet here and where it pleases? Our Board has already so acted. In haste Very Truly
